MAYOR & TOWNSHIP COUNCIL

I am pleased to present you with the Summer Edition of "What's Goin On Around Town" Bensalem. This publication is now in its 8th year of production and I feel has been a win for the residents of Bensalem, providing interesting news and events within our borders and beyond.

In earlier years in order to provide this communication as a public service, we partnered with a corporate sponsor to cover the extensive costs of creativity, printing and postage. A cost of well over \$20,000. There is absolutely no cost to Bensalem Taxpayers. We appreciate the participation of the businesses who have placed advertisements, which supports the availability of the quarterly publication. It is our hope you will patronize some of these businesses.

With the terrible winter behind us, it's time to get outside and enjoy summertime activities! In the following pages you will find our Parks and Recreation and the TD Bank Amphitheater's summer schedules. It is my hope you and your family enjoy some of the activities planned. I am proud of Bensalem and consider it an honor and privilege to serve as your Mayor. Myself and Council promote an open government and encourage you to call or write. I send my best wishes to you and your family.

A blue ink signature of Joseph DiGirolamo, the Mayor of Bensalem Township.

A vertical advertisement for the 2014 Summer Concert Series. It features the TD Bank Amphitheater logo at the top, followed by the text "2014 Summer Concert Series". Below this, it says "Summer Schedule See Page 7". At the bottom, there is a silhouette of a crowd with their arms raised, and a small circular seal for the Bensalem Township 100th Anniversary. The text "Presented by Bensalem Township Mayor and Council" is written vertically on the left side.

CHILD IDENTIFICATION SAFETY DAY

The Bensalem Township Police Department, along with Bode Technology, hosted a "Child Identification Safety Day". This program was first of its kind and gave parents a chance to have their children's DNA collected in a non-invasive manner by police officers and sent to Bode Technology to be processed. The processed DNA profile is later sent directly to the parents for their safe keeping. This program was offered free of charge to all who participated. The day was considered a huge success and a total of 302 children participated in the program. Parents were provided with a pamphlet that contained their child's identifying information that included their fingerprints and DNA profile.

In addition to the DNA service provided, the children also got to interact with members of the police department's motorcycle unit, K-9 unit, local fire departments, and representatives of our community.

This program was another example of Bensalem Township's commitment to the community and the safety of children.

BUILDING A BETTER BENSALEM TOGETHER

Building A Better Bensalem Together is proud to work with Bensalem Township to be a No Place For Hate Community. At a Bensalem Council Meeting, Bensalem Township received a re-certification as a No Place For Hate Community for 2013. The activities that took place throughout the year to help us achieve this were Unity Week 2013, the viewing and discussion of the documentary "Half the Sky" (a film about human trafficking) and the co-sponsorship of the Latino Cultural Family Picnic.

B3T and Bensalem Township work hard to embrace and celebrate the diversity of our community. April is Holocaust Remembrance Month and in remembrance we hosted "Eye On...The Lessons of the Holocaust" at Congregation Tifereth Israel. At the event a documentary was shown and we were honored to have two Holocaust survivors from the documentary present to speak about their experiences. The survivors present were Itka Zygmuntowicz and Nina Kaleska. Also present was Liberator Dr. Leon Bass.

Building A Better Bensalem Together (B3T) is looking for community members to get involved in the volunteer coalition. Their mission is to motivate and organize the community by providing resources and building skills to reduce substance abuse and other adolescent problem behaviors, using proven programs and strategies.

To learn more or to become a member of B3T call 215-750-2800 ext. 3045 or visit our website at www.bensalemb3t.com. Like us on Facebook - Building A Better Bensalem Together or follow us on Twitter @B3TCoalition.

BENSALEM TOWNSHIP ANIMAL CONTROL

Sarah Barrett has been employed with Bensalem Township since 1999. She has been the Animal Control Officer since 2007. ACO Barrett handles all animal complaints including stray animals, animal bites, lost pets, injured animals and any other request for service involving animals. ACO Barrett is responsible for removing dead animals from Township roadways. The ACO will also respond to reports of sick, injured and dangerous animals.

The Bensalem Township ACO has the authority to issue situations to dog owners for confinement and control issues such as loose dogs and also can cite for rabies vaccine violations. She works closely with the SPCA and humane officers to investigate animal cruelty charges. Sara also works with PA State Dog Wardens for licensing and dangerous dog issues. ACO Barrett partners with local veterinarians to perform low cost rabies shots and microchip programs.

ACO Barrett recently collaborated with Animal Lifeline which provides animal rescue and transport, disaster response, humane education and local spay and neuter programs. The Bensalem Township Police Department, Animal Lifeline and the Women's Humane Society participated in a program to capture feral cats to spay and neuter them and to also provide spaying and neutering services to low income families. A total of 94 cats were spayed and neutered and inoculated for rabies. This was a targeted approach to address feline overpopulation in Bensalem.

The Animal Control Officer attends training classes including, hoarding, ACO issues during natural disasters, legal updates, and animal cruelty and dog law complaints.

If you have an emergency involving an animal please call 911 otherwise contact Bensalem Township Animal Control Officer, Sarah Barrett, at (215) 633-3659.

7TH ANNUAL UNITED STATES POLICE CANINE WORKSHOP PATROL & NARCOTIC & EXPLOSIVE TRAINING

In April the Bensalem Police K-9 unit, in conjunction with the United States Police Canine Association Region Six, sponsored a two day workshop.

The workshop entailed having multiple K-9 disciplines join together to enhance both the canine's skills as well as the handler skills. There were 30 different K-9 teams that participated, representing Police Departments from Bucks, Montgomery and Delaware Counties as well as Cherry Hill Police Department in NJ.

Training consisted of apprehension work, narcotics, explosive detection, as well as a certification course for K-9 tracking.

BENSALEM FIRE RESCUE

FIRE PREVENTION & PUBLIC EDUCATION

Bensalem Fire Rescue is dedicated to providing its citizens with fire safety training techniques they may need in the event of a fire at their home or place of employment. We offer a wide variety of presentations and/or demonstrations for all different types of occupancies including educational, residential, offices, warehouses, and mercantile. In addition, we can present programs to community and/or civic groups.

We offer these programs throughout the year to increase the level of awareness of fire safety throughout Bensalem Township.

For more information or to schedule a program please contact us at (215) 633-3617 or email Battalion Chief Robert Sponheimer at rsponheimer@bensalem-township.org.

PEDESTRIAN SAFETY

PED
XING

During 2013 there were 4,538 traffic accidents that occurred on Pennsylvania roadways with 168 resulting in fatalities. Pedestrian related crashes represent 3.6% of the total reported traffic crashes; however, they account for 11.6% of all traffic related deaths. The largest numbers of pedestrian involved accidents occur when individuals attempt to cross a roadway or driveway entrance/exit, as opposed to walking along the highway either with, or against the flow of traffic. One reason for these high numbers may be that more and more pedestrians are texting while walking. Texting pedestrians are four times less likely to look before crossing the street, cross in crosswalks, or obey traffic signals. It was also found that texting pedestrians take an average of two seconds longer to cross the street. What we know is that pedestrians and drivers do not obey laws and signals consistently and many often use cell

phones and music players while walking or driving. Most pedestrians expect drivers to stop when they are in crosswalks, even though they have the right-of-way. There are many things we can do as pedestrians to protect ourselves.

PEDESTRIAN SAFETY TIPS

- Cross only at crosswalks. Don't cross between parked cars.
- Wait for a gap in traffic, then step one foot off the curb or fully enter crosswalk and make eye contact with approaching drivers.
- Look left, right then left again and keep looking.
- Always obey traffic signs and signals. Never try to beat the light.
- See and be seen – drivers need to see you to avoid you.
- Watch for turning vehicles at intersections, even if you have the right-of-way and are proceeding lawfully.

- Watch your children. Children can't judge a vehicle's speed and distance and need the help of an adult to be safe.
- If you are crossing a roadway at night wear light colors or something reflective.

Pennsylvania has put much effort into pedestrian safety in recent years, with 21 percent of its highway funding geared toward making the streets safe to walk on. The state implemented stricter enforcement on violations such as jaywalking and developed safety programs aimed at children and seniors. Through the application of these safety programs, neighborhoods throughout Pennsylvania may be able to enjoy safer streets that are shared by motorists, pedestrians, and bicyclists alike. For more information visit Pennsylvania's Department of Transportation website and search Pedestrian Safety.

CAN YOU SOLVE THESE "BENSALEM MYSTERIES"

The Historical Society of Bensalem has several mysteries that we are looking to solve. If you could supply information regarding anything listed below, it would be greatly appreciated.

1. Do you know what happened to the "Wooden Liberty Bell" made by the students at St. Francis School for the Bicentennial Celebration?

2. What group started the Memorial Day Parade and when was the first parade held? We have a member's memory of walking in the parade in the early 1930's. Can someone give us more information about this event?

3. Do you remember the Eppinger and Russell Creosote plant in Eddington located along the railroad and Street Road? We have no pictures of this industry and would welcome any information regarding this business.

BENSALEM TOWNSHIP OFFERS RESIDENTS FREE ELECTRONIC RECYCLING

Bensalem residents are now able to dispose of unwanted electronics. In cooperation with Reverse Logistics Group Americas, Inc. our Public Works Building will be equipped with the appropriate equipment to implement the program.

"This program meets the needs of our community," states Mayor DiGirolamo. We are following the example of other municipalities and doing what is required by law under the "The Covered Device Recycling Act. We have had one day compliance events for collection of these outdated electronics, however, it is not enough", said the Mayor.

Please clip the following as a guide for what is acceptable and unacceptable at the drop off location, which as stated above is our Public Works Building, located at 3800 Hulmeville Road (near Bensalem Rescue Squad and Imagination Land Playground).

Hours of operation will be 9:00 A.M. to 3:00 P.M., Monday through Friday. For more information contact our Public Works Department at 215-633-3733 or 215-633-3980.

SWIMMING POOL & SPA REQUIREMENTS

Safety First and Always

Barrier: A fence, wall, building or combination thereof, which completely surrounds the swimming pool and obstructs access to the swimming pool.

Pool: Any structure intended for recreational bathing that contains water **24" inches deep and over**. This includes in-ground, above ground, and on ground swimming pools, hot tubs and spas

ALL POOLS

- Must be completely surrounded by a 48 inch high barrier.
- The opening in this barrier shall not be large enough to allow a 4 inch-diameter sphere to pass thru.
- If the barrier is solid (no openings), it shall not have any protrusions or indentations creating a ladder effect.
- All pool fencing must be installed so that the "nice" side is facing away from the pool area. All support beams and members are to be viewed from inside the pool area that is enclosed.
- On stockade type barriers, when spacing between horizontal members is less than 45 inches, the vertical member spacing shall not exceed 1 ¾ inches in width. Where horizontal spacing is more than 45 inches between members, vertical member spacing shall not exceed 4 inches in width.
- The maximum mesh size on chain link fencing shall not exceed 2 ¼ inches UNLESS the fencing has slats fastened to it.
- All gates (except those larger than 6 feet in width) must open outward and away from the pool, have a self closing device and have a self-latching device.
- The release mechanism for the self-latching device must be 54 inches or more from the bottom of the gate. IF, the release mechanism is less than 54 inches, it must be located on the pool side of the fence and at least 3 inches

from the top of the gate. There must also be no openings larger than ½ inch located within 18 inches of the release mechanism.

- The pool shall be equipped with a powered safety cover **OR** Any door (including a sliding glass door) that leads directly into the enclosed area where the pool is located, must be equipped with an alarm that has an audible warning that can be heard from anywhere inside the house. A pool alarm must activate within 7 seconds of opening the door and be located at least 54 inches above the threshold of the door. **PLEASE NOTE: Burglar alarm systems are not acceptable.**

ABOVE GROUND POOLS

- Pools that have a wall height measuring 48" above grade do not need an additional barrier.
- Pools that have a wall height measuring Less than 48" require an additional barrier either on ground level or mounted to the top of the pool structure. Barriers mounted on the top of the pool structure shall not have a vertical clearance more than 4 inches from the top of the pool structure to the bottom of the barrier itself.
- Any ladders or steps located on an above ground pool must be able to be secured, locked or folded up and locked to prevent access. For those ladders which are permanently fastened, a 48" barrier is required around them along with the requirements mentioned in Numbers 1 thru 8 listed above.
- Spas and hot tubs with an approved ASTM F 1346 safety cover are exempt from barrier requirements.
